

Wednesday 14th September 2022

Dear Parents & Carers,

On Tuesday 20th and Wednesday 21st September we have invited Lucas Jet into Roebuck Academy to run a circus skills workshop with each class from reception through to Year 6. This is a great opportunity for your child to learn some new skills and build resilience in the process. We always look for ways to enrich our curriculum and welcome the opportunity for your children to try something new. During their workshop, they will have the opportunity to use a range of equipment and develop a host of new skills. At the end of each day, there will be a stall where you can purchase the equipment they will have learnt how to use in their session. This will be located outside the hall on the playground, both card and cash will be accepted. Please refer to the poster below for further details.

Kind regards

Mrs Candice Longhurst
Assistant Headteacher KS2

CIRCUS SKILLS SHOP

If your child enjoyed the circus day and you want to encourage a new hobby and support my business then I have a small circus shop.

Following up on the days learning. I have a YouTube channel with some tutorials on for the skills below. If you search Lucas Jet on YouTube you will find them.

Spinning Plates - £4

Diabolos - £15

Flowersticks - £15

Juggling balls - £7

The Roebuck Academy, St Margarets, Stevenage, Hertfordshire, SG2 8RG
