School Gateway

Parents are able to make online payments to school via credit or debit card.

The school uses the service 'School Gateway'. With this, parents are able to make online payments via the School Gateway smartphone app or website. They will also be able to view school meal balances and top them up at any time.

The school will still notify by letter when a child has a school trip. However, parents are also able to give online consent for these trips, where required, for their child to take part.

Aside from saving the school time and money on administration, School Gateway also makes it easier for parents to pay any time 24-7 and reduce the amount of cash being carried by children on school premises.

What do you need to do now:

Activate your School Gateway account. It's quick and easy to do. All you need are your email address and mobile number that the school holds on record for you.

- Download the app: If you have a smartphone, please download School Gateway from your app store (Android and iPhone). The app shows the same information as the website plus it saves the school money when they send you a text message.

Or,

- Visit the website: www.schoolgateway.com and click on 'New User'. You'll receive a text message with a PIN number. Use this PIN to log into School Gateway.

If you're having trouble logging in, it may be because the school doesn't have your current email and mobile phone number on record. Please call the school and we'll update the details on our system.

We hope that parents will find School Gateway to be a fast and easy way to pay for school items.
