

Dear Parents

We'd like to help you continue your child's learning during school closure. Here is a little guidance on how to use Monster Phonics.

How to get the most out of Monster Phonics

To login, click on Login in the Blue menu bar. Once logged into the Resources area, click on a year group and then **Term 1, 2 or 3** to view **Planning and Resources**. Your teachers will direct you to the lesson to be taught.

Click the orange tabs to the left to download the Weekly Plans.

Click on any of the tabs to the right of each weekly plan to access the resources for each week.

The next pages outline the way Monster Phonics works. Monster Phonics makes learning fun and more memorable. Rather than relying on rote learning, Monster Phonics uses colour-coding to promote understanding, which leads to children becoming confident, independent learners. Confidence builds their passion for school and for life.

What is Monster Phonics?

The 26 letters of the alphabet and combinations of these letters make 44 speech sounds in English.

The 44 sounds (phonemes) are spelt by 144 different letter combinations (graphemes). For example, the sound A is spelt 5 different ways ay (play), ai (train).

Traditional ways of learning to spell can be time-consuming and for some children they are ineffective.

Monster Phonics categorises sounds into 10 areas and uses the Monsters as a categorisation. Each monster has a different colour. That colour represents that way of spelling the sound.

Watch the video <https://monsterphonics.com/how-it-works/>

Why does it improve learning?

The child learns through the assignment of colour and the linkage of the sound, as well as seeing the colour, creating more ways of remembering the spelling.

The games, songs and activities within the programme continuously reflect this way of learning, so that structure is constantly seen, heard and experienced by your child. This consistency is critical in ensuring that a complicated language is learnt in the most simplistic way.

Meet the Monsters

Long A sound

Long oo sound

Long E sound

Long ow sound

Long I sound

Silent Letters that have no sound

Long O sound

Tricky Letters that make a different sound

Long U sound

Black Cats – phonetic letters
