

HOME LEARNING CHALLENGES

WITH ROEBUCK ACADEMY WEEK 3

Welcome back to our Third 'Rainbow Home Learning Challenges' - designed to support you all with the important task of home learning whilst at the same time entertaining your children during this time of uncertainty!

We hope you enjoyed the first two ranges of challenges, and that children of all ages had a go! The 'Rainbow Challenges' will supplement the home learning that we are providing. You are free to choose to complete as many as you can but this is not compulsory.

Hopefully this range of challenges will be fun, hands on and provide children with learning experiences which will keep them engaged and stimulated! We hope you and your children enjoy them.

We would love to see all of your ideas and learning on our Facebook page and Twitter Feed...so please...get posting!

RED CHALLENGE: Why not try making your very own stone fish for our, 'River of Dreams' project. Remember that we would like examples from all family members if at all possible! We cannot wait to see the first images being posted on our Facebook page as well as the 'fish' themselves arriving at school ready to join our one Roebuck family.

YELLOW CHALLENGE: Have a go at making your own 'nature art'.

Collect natural objects from your garden or during a local walk and then arrange them into your own design. Go wild and create what you want...animals, abstract art.... or perhaps even a fish!

ORANGE CHALLENGE: - Write a letter to a friend or a family member that may be missing you or feeling lonely. You could even write a letter to your teacher and tell them all about your life during the lockdown and what you have been learning all about!

GREEN CHALLENGE- An activity that is just for fun!

Can you draw a perfect circle?

<https://vole.wtf/perfect-circle/>

TURQUOISE CHALLENGE:

Not only is cooking great fun but also a good way to unwind and manage your well-being. It is also a hands-on activity that you can do together as a family. Why not challenge Ms. Young and bake a tasty chocolate treat? Obviously, the best part will be sampling and tasting the treats at the end! Please post images to our RSA Facebook page or place on our twitter feed.

BLUE CHALLENGE: What book/s are you reading at the moment? Why don't you post an image of yourself reading your latest book! Here are Mrs. Sparrow's thoughts and reflections about her latest read...

This is the story about how one ordinary nine-year-old child and three classmates are full of empathy for Ahmet, a boy that comes to their school as a refugee from Syria (he is the boy at the back of the class).

Through their sensitivity, curiosity, ingenuity, bravery and innocent niceness, they make a massive impact on Ahmet's life, friends, class, school, community and wider world. There's a lovely lack of stereotyping on gender and back story for the narrator, which adds to the message of not judging people before you know them.

An inspiring and sweet tale that will help children think about what it is to be a good person whatever your circumstances (the narrator is from a poor background with a single parent mum who struggles to make ends meet), and challenge prejudice and push for fairness, whenever possible.

This is a beautiful, open-hearted debut from Onjali Q Rauf that should help children be the best they can be and realise the power of kindness.

PURPLE CHALLENGE: EXPLORER WEEK!

Get ready to go exploring and join survival school this week with Maddie Moate! If you haven't already, please check out Maddie Moate's YouTube channel and her, 'Let's Go Live Science Lessons' - they are buzzing with great hands on activities! A sure way to liven up any day! The live streaming begins at 11:00am Monday - Friday. There are a wealth of videos and this week focuses on Tricks and Tips on how to become an **EXTREME EXPLORER!**
