

English

We will be focusing on stories with predictable phrasing and writing simple sentences using patterned language. We will also be using labels and captions to annotate our work. The children will be encouraged to write simple recounts of personal experiences.

Mathematics

This year we will be continuing with our maths scheme called Inspire maths. Children will complete lets learn challenges and then complete activities that develop application in problem solving. We will be focusing on Counting, comparing and ordering number.

Science

Our topic for science is Plants. We will be discovering signs of Autumn and focusing on comparing and identifying various plants and trees and labelling the different parts of a flower.

PSHE

We will be following a recovery curriculum, discussing social distancing, Corona virus and how to keep safe at school. We will discuss any worries or fears about the special time we are in.

Music

We will be following the Charanga scheme of work, focussing on body percussion and using instruments. The children will learn about tempo and rhythm.

P.E

Children will have a weekly outdoor PE lesson led by Mr Moran. Our focus will be throwing and catching. Please remember your warm P.e clothes.

Year 1

Autumn term 1

Camping out

Geography

We will be using practical geographical skills, vocabulary and field work through the text 'we're going on a bear hunt'.

Handwriting

We begin cursive handwriting in Year 1. This will be taught through tortoise letters, giraffe letters and monkey letters!

Computing

Following the Purple Mash scheme, the children will be learning about the importance of E-safety and using their own log-ins. The children will also learn how to use the Purple Mash software in the Media Suite

DI

We will be following the Kapow scheme of work. This term the children will be introduced to different mechanisms and will create their own moving story book.
