

English

Our focus for this half term will be around South America and Shakespeare. For the first half of the term we look at South America as part of our Topic unit and we will follow this by creating a Non-Chronological report in the format of a brochure about a location in South America. For the latter part of the term we look at Shakespeare and some of his famous pieces of work.

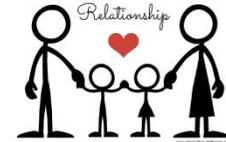

Computing Quizzing

The aim of these sessions is to provide pupils with the knowledge and skills to create picture-based quizzes to share with other children.

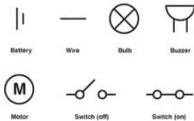

PSHE SRE

This half term we will be covering Sex and Relationship Education. Children will cover the process of puberty and what to expect. More information and guidance will be given after half term.

Science Electricity

During this unit the children will learn how to represent different components in a circuit using symbols, associate the brightness of a lamp or the volume of a buzzer with the number and voltage of cells used in the circuit and understand the use and placement of switches within a circuit.

Maths

This half term we will be continuing to strengthen the children's understanding of the four main operations as well as the other arithmetic skills that underpin all maths. We will also use the half term to identify any gaps in the children's knowledge before moving on to secondary school.

Year 6 Summer 2

Physical Education

This half term our unit is rounders. This is part of our striking and fielding unit where the children will consolidate their understanding of catching techniques as well as fielding using the long barrier method and how to position themselves tactically within a match.

Religious Education

Does belief in Akhirah (life after death) help Muslims lead good lives?

Having introduced our unit around Islam last term, we will continue to learn how Muslims lead good lives and look at how some messages can be interpreted in different ways.

Geography South America

For our geography-based Topic unit we look at the climate of South America and the countries it consists of. We will also look at the different mountain ranges as well as trade in the country.
