Calligrams and shape poems

Mathematics

Singapore mathematics using inspire
5 a day every lesson and fluency
Times tables 2,5,10 (introduction to TT
rockstars!)

We will continue to use CPA approach.

Money

Numbers to 1000

Science

Materials

- identify materials that can be changed by the actions of squashing, bending, twisting and stretching, and link these actions with the properties of the materials that allow them to be changed.
- discover that some materials have different properties according to how they are shaped and what they are made into, and choose materials for uses according to their properties.
- learn that pushes and pulls can cause movement or a change in shape. Children apply their knowledge by making clay models and catapults

History - The Great Fire of London

We will travel back in time to find out about the devastating fire of 1666.

We will learn:

- How, when, why, where and who started the fire.
- Who Samuel Pepys was and why he was so important in helping us remember the fire
- How much of London the fire destroyed.
- How London was rebuilt
